2 NOTICES

Senator Abetz: To move on the next day of sitting—That the Senate—

(a) notes:

- (i) the bipartisan commitment to an unconditional reduction in CO₂ emissions of 5 per cent from 2000 levels by 2020, and a reduction of up to 25 per cent in the event of a comprehensive global agreement,
- (ii) the importance of ensuring that the Obama Administration's intentions on an emissions trading scheme are clarified before Australia implements any emissions trading scheme including the Government's proposed Carbon Pollution Reduction Scheme (CPRS), and
- (iii) the importance of awaiting the outcomes of the United Nations (UN) Climate Change Conference in Copenhagen in relation to targets before any scheme is legislated in Australia;

(b) calls on the Government to refer the proposed CPRS to the Productivity Commission so that it may conduct a 6-month review, and make public its findings, before the legislation is finalised to:

- (i) assess the national, regional and industry sectoral impact of the CPRS in light of the global financial crisis,
- (ii) assess the economic impact of the CPRS in light of other countries either not imposing a price on carbon comparable to that proposed in Australia or imposing such a price after different assumed periods of delay, and
- (iii) conceptually and empirically examine the relative costs and benefits (including emissions reductions) of the key alternative scheme designs against the CPRS; and

(c) therefore, calls on the Government to defer further consideration of the following bills until after the conclusion of the UN Climate Change Conference in Copenhagen:
